

## Twin Superbikes Amusement Machine

Based on the Fast and Furious film franchise, this exciting superbike game is an attraction in its own right. Ideal for leisure-based businesses, this machine is guaranteed to generate extra revenue.

Players sit on one of the superbike cabinets and use the intuitive controls to race their in-game character around a range of levels. They get to choose whether to use manual or automatic transmission, and from a number of licensed bikes including Yamahas, Kawasakis and Ducatis. Races can take place in exciting locations such as Hawaii, Shanghai and Monaco.

There are different upgrades players can choose for their bikes, winning races allows them to earn in-game money which can then be spent on further improving their bike. They can even save their progress with the game's PIN system, they simply have to make note of the number given to them by the game, and they can pick up where they left off next time they're at the machine.

Two machines can be linked for even more fun in multiplayer.
