

## Mr Bus Kiddie Ride

Mr Bus is Leisurematic's flagship kiddie ride, and one of the most versatile. Kids love him and will beg their parents for a go.

This ride can seat up to three children and features a fun game where children use the steering wheel to direct a miniature version of Mr Bus to collect falling balls.

If you'd like a different design more fitting of your site, Mr Bus is available in bespoke colours and themes so you can get something truly tailored to you.
