

Troy The Tractor Kiddie Ride

Hop in Troy The Tractor to help him out with his duties on the farm. This ride offers an effective way to bring in extra income to a variety of sites, all while keeping children entertained. Troy The Tractor features a moveable steering wheel paired with rocking motion so children feel like they're really in control of the tractor. Buttons inside make farmyard animal noises, including those of a sheep and a rooster.

This ride seats one child at a time and is available in different colours.
