

Sit On Digger Coin Operated Amusement Machine

This ride lets kids work on their very own construction project from behind the helm of a digger. An excellent addition to many different sites, with our Sit On Digger ride, kids will be compelled to have a go and interact with the world around them and provide you with an extra source of income. Our sit-on digger amusement machine is versatile and can be used indoors or outdoors. Depending on what's a better fit for your site, it can dig sand, gravel or soft play balls.
