

Mini Roller Coaster Simulator Kiddie Ride

Children can enjoy the thrills and spills of an exciting simulated roller coaster ride, all done in safety via the high quality video screen animation loop displayed at the front.

Amazing fun and VERY realistic, this coin operated mini roller coaster kiddie ride simulator will have kids queuing to get on it – These coin operated kids ride machines are also available fitted with a Nayax contactless payment system fitted too.

Our mini roller coaster kids ride machine is just the right size to comfortably fit in most smaller family themed attraction venues and soft play centres too....SO HOLD ON TIGHT KIDS!!
